RELATED TERMS

Recognition Points

A special one-time reward amount is given to schools as they meet or exceed recognition points -- 55, 66, 77, 88 and 100 -- on the CATS 140-point scale. When a school passes a recognition point, it receives one share of reward money.

Pacesetter Schools

The highest-scoring five percent of all schools are called Pacesetter Schools. This designation applies only after they have reached the fourth recognition point (88) and if they have met the dropout rate and novice reduction requirements.

Exemplary Growth District

If all the schools in a district are classified as Progressing or Meets Goal and they meet the dropout rate requirements to earn rewards, the district will receive rewards as determined by the Kentucky Board of Education.

Dropout Rate Requirements

To be eligible for rewards, a school must have an average dropout rate of less than 5.3 percent over the biennium or an average rate that is at least one-half of one percent lower than its average rate of the previous biennium. However, schools with biennial average dropout rates above six percent will not receive rewards.

Novice Reduction Requirements

To be eligible for rewards, a school must reduce its percentage of novices so that, by 2014, it has five percent or fewer of its students in the novice category.
